local toll-free international telephone number

Please do not reply to this email as this is not a monitored mailbox.

DTCC DISCLAIMER: This email and any files transmitted with it are confidential and intended solely for the use of the individual or entity to whom they are addressed. If you have received this email in error, please notify us immediately and delete the email and any attachments from your system. The recipient should check this email and any attachments for the presence of viruses. The company accepts no liability for any damage caused by any virus transmitted by this email. Message content created by DTCC is automatically secured using Transport Layer Security (TLS) encryption and will be encrypted and sent through a secure transmission connection if the recipient's system is configured to support TLS on the incoming email gateway. If there is no TLS configured or the encryption certificate is invalid on the recipient's system, the email communication will be sent through an unencrypted channel. Organizations communicating with DTCC should be using TLS v1.2 or newer to ensure continuation of encrypted communications. DTCC will not be responsible for any disclosure of private information or any related security incident resulting from an organization's inability to receive secure electronic communications through the current version of TLS.
